All:

Councilman Newton came by the office this morning looking for all the information on HB 76 so he could get ahead of the issue as it is returning to the forefront of public debate and based on the "leaked" letter to the City Council he wrote and the GRAMA request he thinks the City will be a target. He wants to write an op-ed piece and is looking for the information the City had such as the Chief's position paper and any other city position documents.

Let me know how you would like me to follow up.

Thank you,

Ryan
